Dear Mr. Weisberg - Easter 2000

I am writing to you tonight as an outraged and horrified American. The events of yesterday morning, April 22nd, should put to rest any doubt that this country is run by evil people. I was holding little Alex in my arms when I saw the first reports of Elian being removed by Nazi soldiers. I wept. My thoughts went to the Kennedy Brothers as usual. Can you imagine Attorney General Robert F. Kennedy sending that child back to a life his mother died for him to escape? I believe in my heart R.F.K. is weeping in his grave.

The cowardice Clinton displayed is baffling. I never liked Reno, so I'm not surprised at her, but I always, as you know, supported the President. Here is a man who has always wanted to appear "Kennedyesq", and yet when a chance for him to show strength

Came along in the form of this
6 year old Child he turned his
Back. Why?!

This is the reason for my letter to
you tonight Mr. Wiesbaden, Why?
What does Castro have over us?
Why does President after President
Bow to him? Why do we not
hear the cries of so many Cubans
have cried? Does Castro hold
secrets the government doesn't
want to Be Known? Does he
have nuclear weapons? Why
can't he Be assassinated? Why
is he still there after 41 years?
If anyone can answer me with
satisfaction I know its you.

I'll end with this final thought. -
I Belive that Elian Gonzalez is just
one more victim of the assassinations
that took place in this country in
'63 and '68, this supposed Land
of the free.

With love
Carla
